

Hritik Attri

✉ hritikattri10@gmail.com ☎ +91-9540091758 📄 <https://hritikattri.github.io/> 📍 New Delhi, India

WORK EXPERIENCE

- Machine Learning**, *heu.ai* 09/2020 – 11/2020 | Virtual
- Created deep learning models using Tensorflow and REST API deployment of AI models using Flask.
 - Completed case studies, research papers on various AI topics (eg: computer vision, intrusion detection).
- Data Analyst**, *The Shaadi Times* 05/2020 – 06/2020 | Virtual
- Presented case studies on COVID-19 impact using Python, data viz tools (Tableau), and data analysis (Pandas).
 - Content writing on Python, machine learning, and AI.
- Machine Learning**, *Verzeo* 02/2020 – 03/2020 | Virtual
- Multiple end-to-end projects completed in machine learning.
 - Extensive usage of data viz. libraries (matplotlib, seaborn) and machine learning (sklearn).

EDUCATION

B.Tech, *Maharaja Surajmal Institute of Technology* 2018 – 2022 | New Delhi

SKILLS

Programming languages Java, Python, Scala	● ● ● ● ●	Machine Learning scikit-learn	● ● ● ● ●
Deep Learning Tensorflow, PyTorch	● ● ● ● ●		

PROJECTS

Stock market trader bot

Using reinforcement learning and deep learning, built a trader bot in Tensorflow. Link: <https://github.com/HritikAttri/reinforcement-learning-trader-bot>

Q/A chatbot

Using Tensorflow and concept of memory networks, implemented a Q/A chatbot using Facebook bAbI dataset. Link: https://github.com/HritikAttri/memory_networks

CERTIFICATES

- Achieved Microsoft Technology Associate (MTA) certificate in Python.
- Certification in Big Data (Hadoop and Spark) from CloudxLab (IIT Roorkee)

INTERESTS

- Gaming
- Listening to music
- Watching TV shows and movies
